The screenshot shows a web browser window titled "Library App" with the URL "http://localhost:5173/books". On the left, a dark sidebar titled "Library Dashboard" includes links for Home, About, Books (which is selected), and Contact. A user profile for "Admin User" is also present. The main content area is titled "Books" and displays three cards for books:

- The Great Gatsby**: Fiction, \$12.99, 3 available. Description: "The Great Gatsby" is an outstanding work in the Fiction category. This work is an important part of our collection and has been carefully selected to enrich the reading experience of our users.
- Clean Code**: Programming, \$45, 5 available.
- Sapiens**: History, \$18.5, 2 available.

Each card features a "More info" button.

The screenshot shows a web browser window titled "Library App" with the URL "http://localhost:5173/books/1". The layout is similar to the previous screenshot, with the "Books" link selected in the sidebar. The main content area is titled "Book" and displays the details for "The Great Gatsby":

- The Great Gatsby**
- Description: "The Great Gatsby" is an outstanding work in the Fiction category. This work is an important part of our collection and has been carefully selected to enrich the reading experience of our users.
- Book Information**
- Title:** The Great Gatsby
- Category:** Fiction
- Price:** \$12.99
- Stock:** 3

The screenshot shows a library application interface on the left and the Chrome DevTools Application tab on the right. The application has a sidebar with 'Library Dashboard' and links for 'Home', 'About', 'Books', and 'Contact'. A user 'Admin User' is logged in. The main area displays a book titled 'Sapiens' with a price of \$18.5. The DevTools Application tab shows storage logs, including a log entry for 'piniaState' with a value containing JSON related to a sidebar component's state.
